

## **Measures Initiated by Govt Sanskrit College to Promote Gender Equity (2021-22)**

Govt Sanskrit College executed several initiatives to enhance gender equity throughout the academic year 2021-22. A large waiting area with an adjacent washroom, complete with an incinerator for the sanitary disposal of hygiene products, was made accessible solely for female students. Furthermore, five restrooms were allocated exclusively for girls, ensuring both comfort and privacy.

The Jeevani project, introduced by the Department of Collegiate Education, was vital in supporting students' mental health during the pandemic. It provided individual counselling sessions, particularly aimed at female students, to effectively tackle mental distress.

During the NSS 7-day camp that took place from February 28 to March 6, 2022, an introductory class on self-defence was held on March 4, conducted by the Self-Defence Wing of the Cantonment Police Station, providing female students with crucial skills for personal protection. On March 8, 2022, as part of the Women's Day celebrations, a session on "Gender Equality for a Sustainable Future" was presented by Smt. Sandhya S. N., a well-known writer, social activist, and gender specialist. These efforts together created a secure, inclusive, and uplifting atmosphere for female students.
